## Managing Director

*"We take time to understand the employer's exact needs and compelling reasons to join them.  
Then we search and procure the very best candidates anywhere."*

A freelance headhunter supported by expert researchers and associates who assist me in recruiting professionals for main contractors and consultancies. My wide-reaching support network ensures clients will be presented with the best candidates available.

I offer a fresh approach and my expertise extends to matching companies that wish to buy or sell within my niche.
